Professional Experience

I have more than 30 years of experience working with clients in a variety of settings.

The variety of experience enhances my ability in working with different types and severities of communication challenges.

My practice specializes in providing speech-language evaluation and therapy for children pre-kindergarten (3 years) and older.

I am dedicated to providing expert and individualized services so that each child can meet their individual communication needs. I very much enjoy each child as an individual and enjoy working with them no matter what their communication difficulties may be.
